

## Illness

For the welfare of all children, any child who is sick needs to be kept at home. If your child runs a fever, he should be fever-free without medication for 24 hours before returning to church, childcare, etc.

If your child has been vomiting during the night or early morning, he should not come to church. In addition:

Your child will not be allowed to attend childcare at The Sanctuary Fellowship if he/she: -has a fever of 100 degrees or over. -has diarrhea or more than two loose stools during the day. -has symptoms of a communicable disease. -has a sore throat or constant cough. -has a thick, discolored nasal mucus. -has a nasal discharge that is contaminating toys and equipment. -has pinkeye. -has any skin condition that might be contagious. -is vomiting. -is unable to participate in the program.

If your child has a contagious illness, please inform The Sanctuary Fellowship so we can notify other parents.

Your children and their health is important to all of us. Help us help each other to keep our kids healthy and to maintain a safe environment for children and workers at TSF!
