

## The Murphys Ministry Update

# JAPAN

## SUMMER 2024

We are going to Tokyo, Japan this May/June with some of our Chi Alpha staff and students! We will be serving the local Chi Alpha ministry in Tokyo by helping to meet and connect with new students on different university campuses. Less than 1% of all of Japan is evangelical Christian, and most people live their life never hearing the name of Jesus. Unfortunately, the suicide rate there is one of the highest in the world, and their people are surrounded by hopelessness and loneliness. We are praying that the Lord guides us to share His Good News with those who don't know Him in Japan.

This trip, we will also be able to connect with Sarah's friends in Japan that she hasn't seen in many years. As some of you may know, Sarah went on two ministry trips to Japan in college. She has continued to have a burden for the country of Japan which has poured over to me, and she has stayed connected to many friends she ministered to while there.

# WILL YOU HELP US GET TO JAPAN?

**We are raising \$6,000** for both of us to be a part of this trip. This includes airfare, housing, food costs, and transit while there.

**We need your help** to bring the hope of Jesus to Japan! Can we count on you to help us get there?
